Philip Morris International to Present at 2026 CAGNY Conference

STAMFORD, CT – February 11, 2026 – Philip Morris International Inc. (PMI) (NYSE: PM) will host a live audio webcast of a presentation by Jacek Olczak, Group CEO PMI, and Emmanuel Babeau, Group Chief Financial Officer, at the Consumer Analyst Group of New York (CAGNY) Conference on Wednesday, February 18, 2026, at 10:00 a.m. ET.

The live webcast and presentation slides will be available [here](#). The webcast replay will be available at the same link for six months after the event.

The webcast may also be accessed on mobile devices by downloading PMI's Investor Relations App at www.pmi.com/irapp.

Philip Morris International: Delivering a Smoke-Free Future

Philip Morris International is a leading international consumer goods company, actively delivering a smoke-free future and evolving its portfolio for the long term to include products outside of the tobacco and nicotine sector. The company's current product portfolio primarily consists of cigarettes and smoke-free products, including heat-not-burn, nicotine pouch and e-vapor products. Our smoke-free products are available for sale in over 105 markets, and as of December 31, 2025 PMI estimates they were used by over 43 million legal-age consumers around the world, many of whom have moved away from cigarettes or significantly reduced their consumption. The smoke-free business accounted for 41.5% of PMI's full year 2025 total net revenues. Since 2008, PMI has invested over \$16 billion to develop, scientifically substantiate and commercialize innovative smoke-free products for adults who would otherwise continue to smoke, with the goal of completely ending the sale of cigarettes. This includes the building of world-class scientific assessment capabilities, notably in the areas of pre-clinical systems toxicology, clinical and behavioral research, as well as post-market studies. Following a robust science-based review, the U.S. Food and Drug Administration has authorized the marketing of Swedish Match's *General* snus and *ZYN* nicotine pouches and versions of PMI's *IQOS* devices and consumables - the first-ever such authorizations in their respective categories. Versions of *IQOS* devices and consumables and *General* snus also obtained the first-ever Modified Risk Tobacco Product authorizations from the FDA. With a strong foundation and significant expertise in life sciences, PMI has a long-term ambition to expand into wellness areas. References to "PMI", "we", "our" and "us" mean Philip Morris International Inc., and its subsidiaries. For more information, please visit www.pmi.com and www.pmiscience.com.
